

To whom it may concern:

I spoke with Mike Kelbie one night during a rainstorm, when I came home to find out my ceiling was leaking from water coming through my roof. I called him around 6:00 pm. He was at my house at 7:30 pm that same night. He got on my roof, and patched the place where water was leaking, in the dark and rain. The next day, when the weather cleared a little, he installed my new roof. **THE NEXT DAY!!!** Although I felt this was a bit of an emergency, that didn't stop Mike from giving me a great price, that was more than fair. I would definitely recommend Kelbie Roofing to anyone who is looking for a roofer.

Sincerely,

Rahul Mehra
